

FREUD LU85R ULTIMATE CUT-OFF BLADE

8" 99813

10" 64660

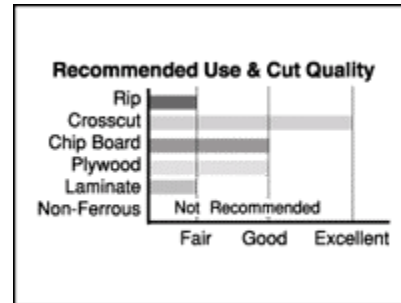

12" 21627

APPLICATION:

The LU85R blades from Freud are the only crosscut blades that produce cuts so good they are considered Ultimate.

FEATURES:

- MicroGrain carbide tips thick enough for several re-sharpenings
- Thick MicroGrain carbide tips
- Laser cut blade bodies and expansion slots
- Kickback reducing design
- Tri-metal brazing for impact-resistant tips
- Perma-SHIELD™ coating guarantees less working friction and less resin adhesion while preventing the development of rust
- Covered by Freud's Limited Lifetime Warranty

Not recommended for cutting ferrous materials or masonry products
